

An Invitation From Seismic Sound DJ's

Seismic Sound looks forward to seeing you at our upcoming "What Do I Do At My Wedding" Meeting. Come and see what your wedding day will be like in a comfortable, relaxed and stress-free atmosphere.

We will run through a "typical" wedding reception, from our pre-wedding preparation and introductions to the last dance and our follow-up, all while showing you alternatives for all of the formalities. We will explain how Seismic Sound approaches every detail of your special day ensuring nothing is left out and things are done the only way that counts... the way you want.

Feel free to ask any questions along the way.

We welcome you to attend and bring along a guest or two. Here are the details:
